Instructions:

This freebie is designed to help you supplement teaching time to your students to ensure they master this essential skill. This unit covers both digital and analog clocks and covers telling time to the hour, half hour, and quarter hour. The specific printables you will find in this unit include:

- **At What Time? –** Students write the digital time and draw the matching analog clock hands for four familiar daily activities.
- **What Do You Do? –** Students describe what they do for each of the times shown on the clocks.
- **A.M. or P.M.? –** Students record whether each clock and description occurs during the a.m. or the p.m.
- **Analog** –> **Digital Time –** Students record the digital time to match each analog clock. Two versions provided (Version 1: to the hour and half hour, Version 2: to the hour, half hour & quarter hour).
- **Digital** –> **Analog Time –** Students draw the analog clock hands to match each digital clock. Two versions provided (Version 1: to the hour and half hour, Version 2: to the hour, half hour & quarter hour).
- **What's the True Time? –** Students check whether the statement for each clock is true or false. If they decide it's false, they must write the correct time.
- **What Time Is It?–** Students match the digital times and analog clocks then record both on the recording sheet. Two versions included.

Thank you and enjoy!

- Love to Learn and Teach, 2025

At What Time...?

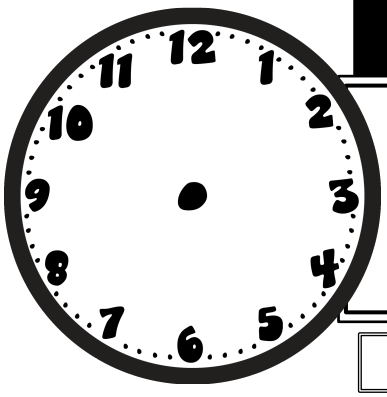

Name: _____

INSTRUCTIONS:

Draw the **analog clock hands** and write the **digital time** to show the time that you usually do each activity.

☑ Check if you do the activity in the **a.m.** or the **p.m.**

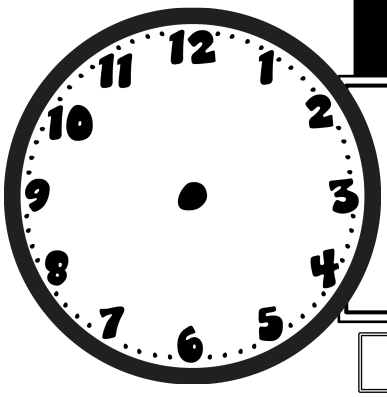

Wake up for school

:

☐ a.m. ☐ p.m.

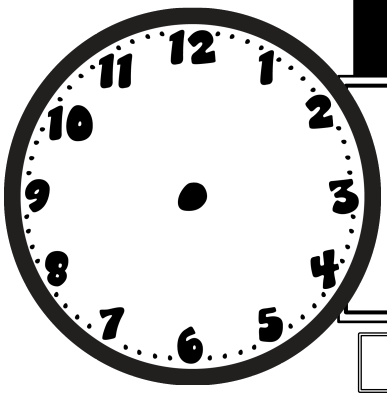

Eat dinner

:

☐ a.m. ☐ p.m.

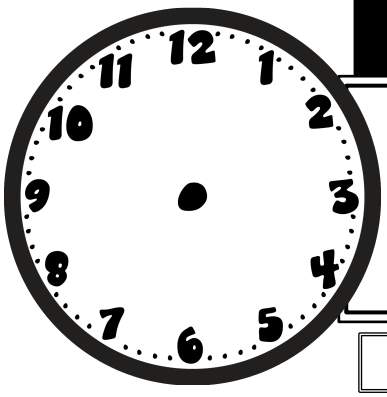

Go to bed

:

☐ a.m. ☐ p.m.

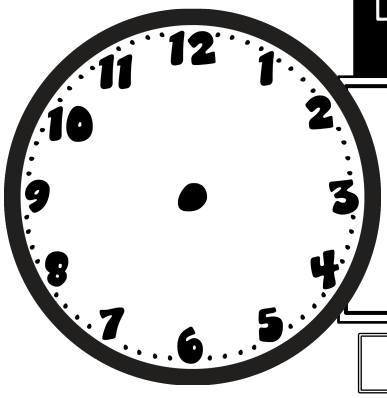

Eat breakfast

:

☐ a.m. ☐ p.m.

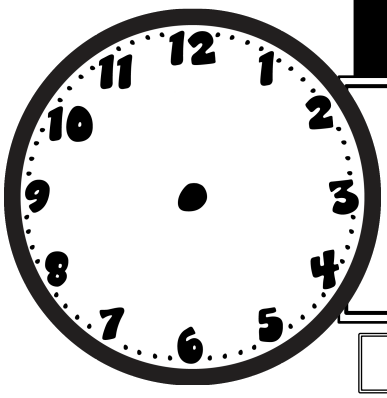

Leave school at the end of the day

:

☐ a.m. ☐ p.m.

Eat lunch

:

☐ a.m. ☐ p.m.
